Note: This tab does not display for MWI Wholesale users as all batch information is displayed within the Dashboard tab of the ASN.

Details

To view the Barcodes tab, navigate to Utilities > Wholesale > Barcodes tab.

When an item is imported into Merlin from the 'View Orders' tab by selecting the 'Batch Download' button, and it has an associated barcode, it will display within the Barcodes tab along with other relevant information for that product such as the batch number and expiry date.
