Distinct Advantage Filter

When placing a new order, you are able to only show items that are part of the Distinct Advantage formulary (using the checkbox provided).

When this checkbox is ticked, only items included in the formulary will display.

Note: Any Distinct Advantage items are also flagged with a yellow star icon in the Supplier Code field.

The screenshot shows the 'New Order' screen in the MWI Wholesale Admin system. The 'Distinct Advantage' checkbox is checked, and the list of products is filtered accordingly. The table below represents the data shown in the screenshot.
