

Lab List

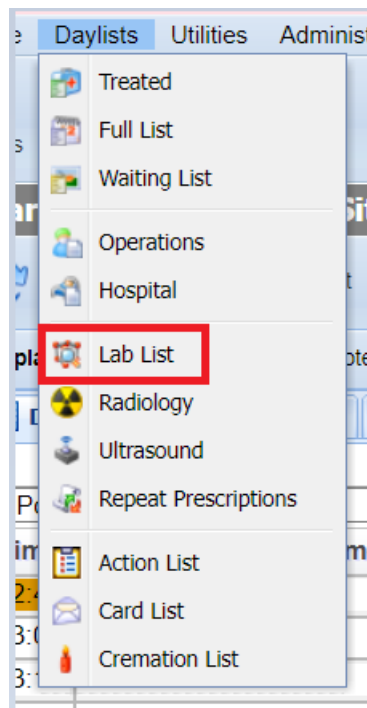

23/10/2024 10:18 am BST

Summary

The Lab List is populated with all patients that have had an in-house lab request submitted within the dates specified.

Details

The Lab List can be accessed from the 'Daylists' menu.

The Lab List will display any patients that have had a [Lab Request submitted](#) within the time criteria specified. By default, this will be today's date.

Lab List [User - jupiter : Site - Esher : Profile - Consult 1]

Print Lab List Client Site: [ALL] Work Site: Esher ☒ Incomplete Only ☐ Complete Only ☐ All

From 19/06/2024 To 19/06/2024 Client Category [ALL]

Lab List

Date	Client Name	Client Address	Patient Name
------	-------------	----------------	--------------

Filtering the Lab List

This list can be filtered by Client Site, Work Site, by Incomplete/Complete/All requests.

A patient will become completed as soon as the Lab Results have been saved for the patient.

Exporting the Lab List

The Lab list can be printed, emailed or exported to CSV file.
